Place the set on level ground, not less than 6'-7" [2 m] from any structure or obstruction such as a fence, garage, house, overhanging branches, laundry lines, or electrical wires.

- While assembling unit, take time before and after each phase to make sure fort is level. If fort is not level, assembly will be difficult and improper assembly may result. Extra care must be taken to insure the fort is square.
- The safe play area refers to a zone extending 6'-7" (2m) beyond the play product on all sides, including the space above the play product.

PRE-ASSEMBLY STEP 1 - SORTING PARTS

It is critical for ease of assembly that you take the time to sort and organize the wood and hardware.

WOOD PARTS:

- Organize wood parts by the three-digit, alpha-numeric number stamped on each board (ex. P01).
- If there are multiple boards with the same stamped number, stack those pieces together.
- Stamps can be found on the flat surface of the boards or on the end of the boards.
- Allow yourself plenty of room - the wood pieces can take up a significant amount of space.

NOTE: CARTONS ARE NOT ORGANIZED BY BOARD NUMBER.

HARDWARE PARTS:

- We recommend that you have a separate table to organize the hardware.
- Hardware bags are printed with a seven-digit, alpha-numeric part number.
- You can organize your hardware by part number or group by hardware type (i.e. bolts, nuts, etc.).
- During assembly you only need to reference the last four digits of the number.

PRE-ASSEMBLY STEP 2 - TOOLS REQUIRED

**Cordless Drill or
Electric Drill**

**Drill Attachments:

PRE-ASSEMBLY STEP 3 - CHOOSE YOUR ASSEMBLY METHOD

There are several types of assembly instructions available to you.

1. **Printed Assembly Manual** included with your set
2. **BILT APP** - 3D interactive instructions
3. **Combination of the Printed Manual and BILT APP** (Note: Step numbers can differ between the two methods)

The graphic is a promotional banner for the BILT app. It features the BILT logo at the top left, which consists of a hexagonal icon with a stylized 'B' inside, followed by the word 'BILT' in a bold, sans-serif font. To the right of the logo is a square QR code. Below the logo, the text 'Scan for easy 3D instructions' is written in a large, bold, sans-serif font. Underneath this, in a smaller font, it says 'Download the BILT app before you begin'. To the right of the text are two buttons: 'Download on the App Store' with the Apple logo and 'GET IT ON Google Play' with the Google Play logo. At the bottom of the graphic is a smartphone displaying the BILT app interface. The app shows a 3D model of a structure being assembled, with a 'Hardware Needed' list at the top. The interface includes a close button (X), a menu button (three dots), a volume icon, and a progress indicator (17) at the bottom left. Navigation arrows and a pause button are also visible at the bottom right of the phone screen.
