PRE-ASSEMBLY STEP 1 - SORTING PARTS

It is critical for ease of assembly that you take the time to sort and organize the metal and hardware.

METAL PARTS:

- Organize metal parts by the three-digit, alpha-numeric part label on each bag (ex. A01).
- If there are multiple parts with the same part label, stack those pieces together.
- Part labels can be found on the bags of the parts.
- Keep parts in bags until required step.
- Allow yourself plenty of room - the metal pieces can take up a significant amount of space.

NOTE: CARTONS ARE NOT ORGANIZED BY PART OR STEP NUMBER.

HARDWARE PARTS:

- We recommend that you have a separate table to organize the hardware.
- Hardware bags are printed with a seven-digit, alpha-numeric part number.
- You can organize your hardware by part number or group by hardware type (e.g. bolts, nuts, etc.).
- During assembly you only need to reference the last four digits of the number.

PRE-ASSEMBLY STEP 2 - TOOLS REQUIRED

Cordless Drill
or Electric Drill

Drill
Attachments:
Phillips Head

1/8", 3/16", 3/8" &
7/16" Drill Bits

Rubber Mallet
- Optional

Tape Measure

Square

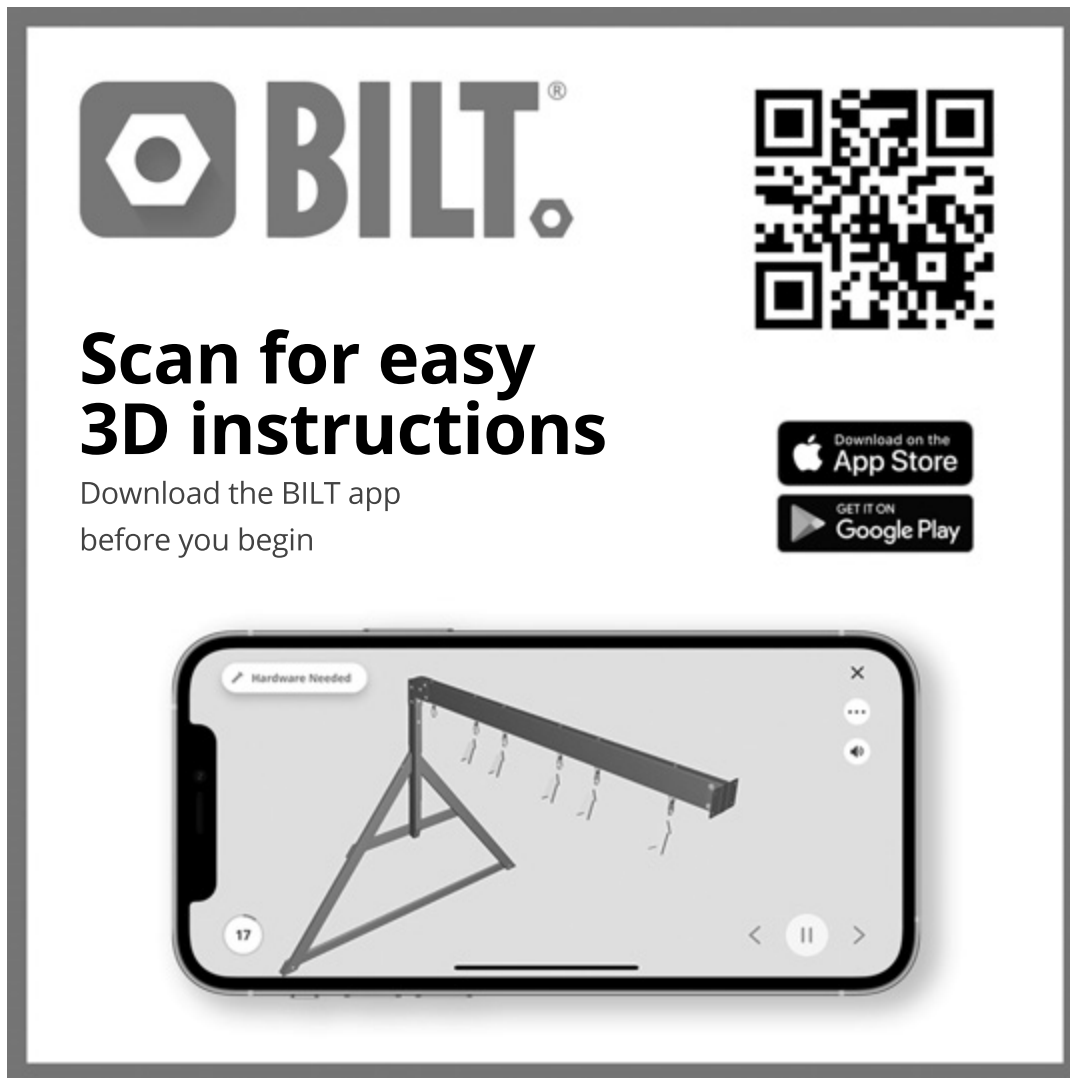

Level 24"

PRE-ASSEMBLY STEP 3 - CHOOSE YOUR ASSEMBLY METHOD

There are several types of assembly instructions available to you.

1. Printed Assembly Manual included with your set
2. BILT APP - 3D interactive instructions
3. Combination of the Printed Manual and BILT APP (Note: Step numbers can differ between the two methods)

The graphic features the BILT logo (a hexagon with a bolt head inside) and the text "BILT.®" in a bold, sans-serif font. To the right is a large QR code. Below the logo, the text "Scan for easy 3D instructions" is written in a large, bold font. Underneath this, it says "Download the BILT app before you begin". To the right of this text are two buttons: "Download on the App Store" and "GET IT ON Google Play". At the bottom, a smartphone screen displays a 3D assembly instruction for step 17, showing a metal frame with a horizontal bar being attached. The screen includes a "Hardware Needed" list, a close button (X), a menu button (three dots), a back button (left arrow), a play/pause button (II), and a forward button (right arrow).
