14' W x 12' D x 8' H

Wind-Resistant

Pro-Tect™ tested and proven to withstand up to 100 mph winds, ensuring stability and structural integrity even during harsh weather conditions.

Construction

Black powder-coated galvanized steel is corrosion resistant and maintenance free, providing lasting durability that withstands the elements year-round while maintaining its sophisticated aesthetic.

Design

Thick-gauge steel posts and hidden internal joints with a charming white finish create clean lines and a sleek, modern style.

Durability

Pro-Tect™ tested and proven to withstand up to 5,800 and 9,800 pounds (based on the model size) or 30 inches of snow load, and winds up to 100 mph with a full coverage galvanized steel roof for all-weather protection.

FEATURES

Slope Roof

5° roof pitch creates a clean, architectural profile while channeling water away to prevent accumulation for lasting durability.

Support Posts

Robust 6" x 6" galvanized steel posts deliver exceptional structural strength, ensuring lasting stability through every season.

Hardware

Heavy-duty steel brackets and anchors in a black powder-coated finish provide superior weather resistance and modern style.

Power-Ready

Patented PowerPort™ features 3 electrical outlets and 3 USB ports to provide convenient power access for devices and accessories while mounting easily to any post on the structure (power source not included).
