Wind-Resistant

Pro-Tect™ tested and proven to withstand up to 100 mph winds, ensuring stability and structural integrity even during harsh weather conditions.

Construction

White powder-coated galvanized steel is corrosion resistant and maintenance free, providing lasting durability that withstands the elements year-round while maintaining its sophisticated aesthetic.

Design

Thick-gauge steel posts and hidden internal joints with a charming white finish create clean lines and a sleek, modern style.

FEATURES

Shade

Soft shade sail canopy is made from UV-protected breathable woven fabric that filters sunlight, promotes airflow, and prevents water accumulation for enhanced comfort in any weather.

Power-Ready

Patented PowerPort™ features 3 electrical outlets and 3 USB ports to provide convenient power access for devices and accessories while mounting easily to any post on the structure (power source not included).

Anchors

Heavy-duty powder-coated galvanized steel anchoring plates concealed within the posts provide superior stability and a seamless look.
